

THE POLWHELE POST

FRIDAY 10 SEPTEMBER 2021

PHOTOS OF THE WEEK

HEAD'S MESSAGE

Welcome to the new style Polwhele Post. I hope you find this gives you the information you need in an easily accessible format. I know that pictures and words are still really important so we will gather these into a half-termly publication, which you can read at your leisure.

It has been wonderful to start the year with some good weather and very positive children. A warm welcome to our new pupils, all of whom are settling in very well and adding their own personalities to our family. Welcome, also, to our new staff, who are already hard at work.

Over the summer, Mrs Fazakerley-Owen has been selected for an exciting initiative in which she will be trained to work with children around mental health. This national initiative is just starting across the country and she is one of the first wave. Whilst we are delighted for her and for those with whom she will work, the course is full-time and she will have to leave us at the end of the month. However, we are also blessed in that Mrs McKeown is an experienced SENDCo and will join us to take over the role. Knowing the school and the children is a huge advantage as she picks up the reins.

When we met as a staff last week, we agreed that our prime target for the year is to have a full year of teaching in school. Let's hope this wish is fulfilled!
